

# At home with a KiBiZ Childminder

**KiBiZ**

Kinderbetreuung Zug

**In a KiBiZ childminder family, children experience a sense of security and of dependability together with their playmates and the childminder. The advantages for parents are obvious: they have an individual and flexible solution for their extra-familial childcare near to their home or their workplace.**

## **Qualified for a responsible job**

KiBiZ childminders open their homes for children as from 3 months up to schoolchildren until the end of primary school. They have both time and space for their task. KiBiZ childminders enjoy dealing with chil-

dren and treat them with understanding, patience and tolerance. Childminders are carefully vetted by our mediators, trained and supported for their job. All childminders attend the basic course for childminders and undertake further courses regularly.

## **A solution for you too?**

Individual solutions are possible with a KiBiZ childminder: we offer care on an hourly basis, for certain weekdays or outside of school times. Irregular hours or care of an evening are also possible.
